

# Migration Seminar: Bailey to DeltaV

Join us for expert advice, the latest technology and useful real-world experience. With the changing world of process control technology, it is vital to modernize your systems to maintain your competitive edge. The Emerson migration solution for **Bailey** controls is designed to protect investments in existing technology, while enabling users to take advantage of benefits from features inherent in Emerson's **DeltaV**.

## PRESENTATIONS:

- Why Change?
- Lessons Learned for Project Certainty
- Migration Made Easy: Bailey to DeltaV
- Hands-On Demo with DCB 1.5
- Cutover Options
- DeltaV Roadmap & Overview: "The Better Way"
  - Supports IIoT (Industrial Internet of Things)
  - AMS (Asset Management Software)
  - Diagnostics
  - Predictive Technologies
  - HART Information
  - Bus Technologies
- Start With A Plan: System Lifecycle Planning

## ■ Seminar presenters include:
